## WHEATLAND S. D.

The Board of the Wheatland School District No. 46 met at Strathmore on October 25th.

The rate-payers of the Acme School District No. 2296 having voted in favor of inclusion in the Wheatland School Division the Ministers order was received and takes effect January 1st, 1945.

The Board of the Severn Creek School District at Rosebud have entered into an agreement with the Divisional Board to enter the Wheatland School Division.

The Boards of Belseker Consolidated School District No. 55 and Tackford Public School District No. 3317 have also agreed to enter the Division and agreements are being prepared for the approval of the Minister.

The following schools, with small attendance, have been closed and arrangements have been made for the pupils to attend adjoining schools—Goderich, Kik Ora and Grasswood.

Teachers have now been secured for all schools where required and pupils should all be attending by November 1st.

One of the larger buses owned by the Division has been put on the Cheadle route with Jim Dawkins driving. Mr. G. A. Creighton has operated his van to bring the children from the Fairplay School District into Strathmore. A contract was let to Mr. Fred Hilton to drive a bus from the Serviceberry School District into Nightingale while Mr. Martin Trechter operates the bus from the Valley Garden School District into Nightingale. Another bus was purchased to take the Advent and Paddy Springs pupils to Level-Land. Altogether three buses have been purchased by the Division so far this year.

A car has been obtained for use of the Public Health nurse and Miss Routledge is now busy visiting schools and carrying out the inoculation program of the Wheatland Health Unit, as well as holding clinics at the more central points each week.

Ten more typewriters are being purchased to take care of present requirements for Divisional schools.

Dates for Annual Sub-Divisional meetings of electors and ratepayers were set as follows:

Sub-Div. No. 1 Strathmore, Dec 1st.  
Sub-Div. No. 2 Kathryn, Nov. 30th  
Sub-Div. No. 3 Belseker Dec. 6th  
Sub-Div. No. 4 Swallow, Dec. 6th  
Sub-Div. No. 5 Beckford, Dec. 4th.

## THE TABLES TURNED

General MacArthur's prediction — "We will be back" has now been abundantly fulfilled. The Japs took Batavia April 19th, 1942. It was then MacArthur said the above words.

The catastrophe at Pearl Harbor occurred December 41. They occupied Attu and Kiska in June 42. They abandoned Attu in October 42 and Kiska in 43.

Now American forces have taken the island of Iwo Jima and the Americans are once again in control in the Philippines, and the Jap Navy is meeting heavy losses.

So in Europe the Allies are steadily gaining ground despite heavy and determined resistance on the part of the Germans.

The war is not yet over but Victory is in sight. So Buy Bonds to your limit and back the men who are fighting to restore Peace to the World.

## MR. AND MRS. B. E. GRAY HONORED

Tuesday evening about fifty people of Alenastad Community held a Farewell surprise party for Mr. and Mrs. B. E. Gray at their home.

A happy social evening as enjoyed and delicious refreshments served at which Mr. Hubert Damsen on behalf of the community presented to Mr. and Mrs. Gray a lovely Tea Set, wishing them many years of happiness in their new home, at the same time expressing the regret all feel at their departure.

Mr. and Mrs. Gray both responded with warm appreciation for the kind words and the lovely gift. Miss Auld Lang Syne concluded the evening.

## IMPRESSIVE MEMORIAL SERVICE

"Greater Love hath no man than this" The United Church was filled to capacity Sunday evening when friends came to tender their sympathy to the bereaved family and pay their token of respect to Glen Boissevain, who had spent all his life in and near Strathmore until his untimely death at R. C. A. P. in 1941. In April, 1944 his plane was shot down in Belgium.

The service of prayers, hymns, solos and sermon all carried out the theme of strength and courage gained by affliction.

The solos by Dr. Giffin and Mrs. Norman Scheer in the Anthem were well and sympathetically rendered. The Solo, "One Sweetly Solemn Thought" by Mrs. McLeith was a marvelous rendition of deep and controlled emotion. The very sweet voice. A profusion of lovely flowers, presented by friends of the family, filled all available spaces.

In the congregation also were Mr. and Mrs. C. Christensen and their son Myron. It was during the Spring of 1944 that their son Carlyle of the R. C. A. P. lost his life in a flying accident in Eastern Canada. The heartfelt sympathy of the community was evident by the large number attending.

## M. D. BOW VALLEY COUNCIL MEETING NOTES

Meeting of October 17th. All council members present.

The minutes of the previous meeting were read and adopted on motion by Councillor Cowell.

Mr. Proctor, Ration Board Supervisor, appealed to the Council for a donation to help pay the labor necessary at the local ration office at Strathmore. His Department would allow \$400.00 per annum and he suggested that the neighboring district, towns and villages contribute the balance to pay full time help so that the district would have efficient service.

Councillor Wheatley moved that this district contribute \$100.00 as a grant for the coming twelve months provided other organized authorities within the ration district would also contribute their fair share to meet the deficiency.

The No. 11 Caterpillar Diesel Road Patrol purchased in 1944 was discussed and while this machine was giving excellent service it was found that to give efficient service in the whole of the district that another machine was necessary. By-Law No. 26 was then introduced to authorize the purchase of a new Austin-Western M. 92 Diesel Motor Grader equipped with scarifier, lights and cab. The complete purchase price will be \$12,624.00 cash, i. e. b. Strathmore, with delivery March 1945.

By-law was given three readings on motions by Messrs. Cowell, Wheatley and Jackson carried unanimously.

Tax Sale November 7th, 1944. Lands advertised for sale appraised by Assessor W. E. Thompson. The said appraised values were set as the upset price for lands advertised for sale. Motion by Councillor Wheatley.

By-Law No. 27 was introduced and readings unanimously carried on motions by Messrs. Arthur and Cowell and Jackson. That this district purchase \$25,000.00 3% Victory Loan Bonds, registered as to both interest and principal. Instructions were given to purchase 15,000.00 Bonds at Strathmore, \$5,000.00 at Gleichen and \$5,000.00 at Standard.

A petition was received requesting that a speed limit of 20 miles per hour be set in hamlets within this district. Support was given by this Council to this request who instructed the Secretary to enquire into this matter, the question of road signs and the conviction penalties and report to the Council at its next meeting.

Phil Rogers was appointed Returning Officer for the election to be held 1945.

O. S. Longman, Deputy Minister of Agriculture, was telephoned and promised assistance for a veterinarian to diagnose the cause of the deaths of cattle in the vicinity of Strathmore.

## OUR CHALLENGE — BUY BONDS —

We are at home! Our boys need starlit sky In foreign lands

Where bombs and shrapnel fly; Death ever stands,— A spectre grim to haunt by day and night

All our brave lads who wage this bitter fight,— And points his hands

At us, at home, Who love our ease and drink At pleasure founts,

And never stop to think Our dollar counts;

For bonds are tools with which we back their life.

We all must do our best in this great strife!

This challenge sounds

For us at home:

Dig deep, acher pockets bare,

Buy all you can

And with our boys play fair.

Your duty scan;

They give their life, we do but lean our self;

They have no gain when they have given self:

BUY ALL YOU CAN!

## MEETING POSTPONED

● Please Note— The meeting announced by the District Agriculturist to be held in Standard Tuesday, Nov. 7th, has necessarily been postponed. A new date will be arranged in the near future.

Before adjournment the November, 1944 meeting was set for Nov. 7th, to allow the Council to attend the Annual Municipal Convention the following week.

## Dr. Gershaw In Strathmore

The pictures shown by Mrs. Gershaw were very interesting and the coloring beautiful at the meeting in the Memorial Hall Wednesday evening.

Dr. Gershaw gave a brief but interesting resume of some of the past Session, dealing especially with Family Allowances and the general plan of Parliament to help farm such a Peace as will render future wars impossible.

There was a regrettably small attendance. However the Dr. said the uncertainty of the election date tends towards apathy on the part of attendance at meetings.

He expects to return to Strathmore later on.

The Board is a Dominion Government organization formed in 1938. Mr. Cowan stated the project was started as a war effort but is now developing Educational Films for use in public schools.

## OTTAWA LETTER

CABINET CHANGES WIN CONFIDENCE IN PEACE PLANS

OTTAWA—Federal cabinet reorganization looking toward postwar social security and prosperity has, on the whole, been well received by the Canadian public. Not only the calibre of the men who will head the new departments, but the government's action in establishing them well before the end of the war, has evoked confidence that the vast program of economic and social measures will be efficiently and aggressively carried out.

Claxton Heads up Health and Welfare  
Brooke Claxton, Montreal lawyer, who will administer the big department of National Health and Welfare, made a brilliant record as parliamentary assistant to Premier King. At 46

he is the youngest man in the cabinet and is a veteran of World War I, in which he was decorated for bravery in action.

Brooke Claxton is a new man to the country at large, having only entered Parliament in 1940. Even before that he had a reputation in Eastern Canada of representing the type of young man that Parliament needed, and his four years have proved his capacity as a debater and a student, particularly of modern social problems. Claxton might be classed as an intellectual; certainly he has a mind that digs deeply for the truth, and it is true that he never talks without mastering a subject. Canada and Parliament need men of the Claxton background, youth, wide education, social consciousness, tinged with a bit of radicalism. The new minister has all this equipment—and more.

## From The Caucasus To Canada

One of the most important functions of the Alberta Women's Institutes is to welcome new Canadians and to endeavour to make them feel at home in the country of their adoption.

That Berta Vale-Serviceberry W. I. has succeeded in its efforts in this direction, was effectively demonstrated recently at one of the regular meetings of this young and flourishing branch.

When the Berta Vale-Serviceberry branch of the W. I. was formed Mrs. Schurattoff became a member, and has made interesting contributions to the handicrafts department, on one occasion demonstrating the art of spinning at the Constituency Conference.

Recently it was Mrs. Schurattoff's turn to entertain her fellow members at the regular meeting held twice a month.

Having heard a suggestion that it would be interesting if New Canadians served one of their national dishes when it was their turn to entertain, Mrs. Schurattoff went one better and served, not one dish, but a dinner! The day was warm and sunny and there was a good turn out of members. Like all good institutes, the meeting started with O. Canada, and it gave listeners a thrill to hear women from north, south, east and west, and from across distant seas, join in praise of this great country and pledge allegiance to her in song.

The business was attended to, with officers and members trying manfully (or should it be womanfully?) to keep their attention fixed on details for a coming bazaar, while tantalizing odors and gentle sizzling noises were wafted in from the kitchen!

At last the details were arranged to everybody's satisfaction and the meeting was adjourned.

Books and papers were swept away, sewing and knitting disappeared in the twinkling of an eye, tables were set up and tablecloths and cutlery whisked into place. Even the tiny babies decided to join in the spirit of the thing, drank their bottles and settled down to sleep, the toddlers began, at long last, to look interested.

First of all we were given borsch, a Russian soup with a delectable flavour and in spite of the warm afternoon many plates were passed up for a second helping.

The second course was fried chicken accompanied by bowls of fried potatoes and plates of bourekas. These are baked turnovers, made from thinly rolled dough, with various fillings. Some contained a paste of peas or beans and with these honey was served; others were filled with cottage cheese and should be eaten with melted butter (shades of the nation food!).

For dessert there were cakes; a plain white one which literally melted in the mouth and a fruit cake equally good; and since no Russian meal would be complete without tea it was there too.

I don't know which was the happier the company who enjoyed the bounteous hospitality offered them or the beaming hostess who bestowed it.

Strathmore - Alberta

There is much that is useful and interesting to be learned from those who come to us from other countries, and the dishes which were served to us at this dinner were once prepared by Mrs. Schurattoff in her Caucasian home.

For me the highlight came on the following day when I met our hostess in Strathmore and we talked about Russia and Canada and, of course, the W. I. Mrs. Schurattoff said, "I am glad I joined the W. I. because now I

feeling that I belong here, before I didn't."

That is a glowing tribute to the work which is being quietly carried on in every branch of the Women's Institute throughout the Dominion of Canada.

Our men have fought and bled to make a new world possible. Who of us are going to sacrifice and sweat to make it actual?

Everyone of us... proud at this hour to be a Canadian... should support Canada's 7th Victory Loan by buying Bonds to the absolute limit. Only in this way can we help repay the sacrifice of our fighting lads and crown their heroic advances with final victory.

## Presidential Election Nov. 7

**NEXT TUESDAY** will be Election Day in the United States.

The campaign was unusually slow in starting but during the past two or three weeks both candidates have taken off their gloves and gone into contest with a 100 per cent attitude. We are pulling for a return of President Roosevelt, despite the criticism showered on him by many opponents of his New Deal legislation.

While candidate Dewey made a good name for himself in the clearing up of vice and trickery in New York City some years ago, we are of the opinion that President Roosevelt's war experience and inside information is too valuable to throw aside at this very critical period in the prosecution of the war and the framing of the Peace, which we hope will be a world factor to be commemorated during the next term of office.

May the best man win — and we think he is Roosevelt.

## Our Thirty-Fifth Milestone

**T**HE STANDARD this month of November, 1944 begins its 35th. year of publication.

In 1909 under the late Park Evans assisted by "Jock" MacKenzie, The Standard made its first appearance on the Streets of Strathmore and filled an interesting and vital part in the then growing Town.

In the course of about three years Mr. Evans took over the Gleichen Call

which is now published by his son George Bruns. Mr. MacKenzie, familiarly known by a host of friends as "Jock" bought out the plant and continued to edit and publish the Standard until 1926 when he returned to Scotland to carry on The Rothsay Express to relieve his father who was then in failing health.

In 1926 Mr. MacKenzie sold The Standard to A. A. Moore of Calgary, who continued its publication until his demise December 1932.

The present staff consists of (Mrs.) Alberta M. Moore, Lester Jones (Veteran in point of service) and Miss Lily McNeill.

It is our purpose to give a fairly full coverage of local items and activities of progress and interest, to the readers of their Home Town Paper, with only brief references to large World Affairs. The Dailies and Italics cover this field.

Once a week throughout the year in sunshine or rain, in cold or heat, we come to your homes.

For the support given us by the Merchants in their advertising, the different organizations for work of varying kinds we express our appreciation. They help to keep our presses running, and the constantly increasing circulation is a high note of praise.

We shall continue to uphold any progressive movement that is for the benefit of the community which we serve, and to exist at all times the Dominion of Canada.

Not in a spirit of aggrandisement, but to give credit to the progress she has made during the 77 years of her nationhood and for the vast part she has played since 1939 in providing food, equipment and personnel for the war. Properly guided, Canada can achieve a place second to none in the Assembly of Nations.

Our Office has no Brown room, front or marble pillared portico, but with the assistance and encouragement of our advertisers and our readers The Standard will carry on, and strive to play a worthy part in the development of this corner of the Universe.

From Around  
And About

— By D. A. F. —

THE NEWS "from around and about" this week is a trifle scanty, but by dint of effort, we shall try to expand it into a column.

A PARATROOPER regiment in England for a long time held its services in a mess hall. Now, however, through the combined efforts of both Protestants and Roman Catholics, the camp has a particularly appropriate chapel.

It consists of a hospital ward tent with a concrete floor and benches painted an olive drab colour. The lectern and altar were built by an Anglican and painted by a Roman Catholic. Its cross and candlesticks are from the regular army issue kit. Three salvaged parachutes form the canopy over the altar. A white personnel chute on either side of a blue equipment chute make a splendid color scheme. Other furnishings are of the same colours to match the parachutes.

"LEAVE YOUR HAT" is the order for Servicemen as they check in at Trinity Square Lodge in Toronto. When you leave your hat at this service centre, you receive a towel in exchange. And so when a man checks out, he receives his hat back and the Lodge keeps up its stock of towels. Trinity Square Lodge is the former Parish Hall of Holy Trinity Church, Toronto, with government assistance it was transformed into a most attractive home for the men of our armed forces. For the modest sum of fifty cents a night, the man is assured of clean, comfortable facilities and the lodge has accommodation for one hundred and sixty men. In the past three months, nearly 5000 men have passed through the Lodge.

IT WOULD SEEM that extreme juveniles have a bit of a spite against churches. Two instances of vandalism by children from five years to seven years old have been reported. Extensive damage was done in this way to interior furnishings of St. Paul's, North Arlington, New Jersey. Similarly to Trinity Church, Toronto, damage amounting to \$300.00 was wrought on hymn books and church furniture. Perhaps the youngsters were just trying to feel at home.

A FATHER had received word that his son, a brilliant lad, had been killed in action. Turning to his neighbor, he cried in desperation, "Tell me, sir, where was God when my son was killed?" "My Friend," replied the neighbor, "God was just where he was when His own Son was killed."

## SPORTS

The Executive of the Strathmore Hardball Team take this opportunity of thanking the local Merchants, who sponsored them during the hardball season.

The boys played eight, winning four and losing four. They purchased some new equipment, paid all expenses and finished up with \$60.00 in the Bank.

This is a very worthy pastime amongst the boys and young men of the town and we hope they carry on with as much success next season.

ONE TEAM  
One Purpose

• Nearly a million Canadian men and women in the armed services of the Dominion, more than a million in war industry, and all the others on the home front—have one goal in sight, a complete and speedy victory.

Teamwork counts as never before, for now the game is in its final, crucial stages. We must all put forth extra effort, use even more of our resources, to make the finish swift and sure.

It is urgent that in this Seventh Victory Loan we each buy at least one more bond than we bought before. It is our duty to our teammates, our duty to our children who will enjoy the fruits of victory. Let us do our duty gladly, that we may earn our place on our winning team.

The Department of Public Health pays one-half the cost and the Wheatland S. D. the other half.

She explained her duties, and spoke of the coming immunization against Diphtheria and Small Pox, which will take place Nov. 17. Scarlet fever inoculations should be done at her

A number of questions were asked, showing the interest of the audience.

A motion that \$10.00 be donated towards a Scholarship Fund for pupils of the Wheatland area, and \$10.00 be given to the Lions' Swimming Pool, was passed.

Mr. McMurray, convener of the Financial Committee for the Province, gave a bright and humorous report of the Dominion Convention held in Montreal. Laying aside the vitticism

Mr. McMurray stressed the excellent addresses given by different speakers stressing particularly the one given by Dr. Young on the subject, "What a Home and School can do for underprivileged".

One resolution by Mr. McMurray. He it resolved that the Federation of Home and School recommend that war memorials take the form of establishing Funds to help capable young people of inadequate means to attend institutions of Higher Education.

Also that the Home and School ask for assistance for the Provincial Federation for the furtherance of National Health.

The Convention struck a high note throughout.

## CANADA'S VETERANS Their Post-War Opportunities

This is the fifth in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get full details, save and read every advertisement.

For complete information, write for the booklet, "Back to Civil Life."

## Care for the Wounded and Ill —

### CANADA'S TREATMENT AND PENSION LEGISLATION

Canada has assumed as a minimum obligation to members of the armed forces that, before their return to civil life, the fullest possible measures shall be taken towards physical fitness, and that pension shall be provided for permanent disability due to service. Full medical service is provided and veterans' hospitals have been established from coast to coast. Equipment for the most modern types of treatment has been installed, and leading specialists in all branches of medicine and surgery have willingly placed their services at the disposal of veterans.

There is free treatment with allowances to every discharged person for the first year after return to civil life and free treatment with allowances for pensioned conditions is available throughout the pensioner's life.

Those discharged from the forces unable to work and in need of continuing treatment may have their pay and allowances of rank continued for one year, if necessary, and for longer when treatment is still required for a pensionable condition.

### PENSIONS

Pension is awardable under three simple and easily understood conditions:

1. When the veteran has served in a theatre of war, death or any permanent disability not due to misconduct is pensionable.
2. (a) When the veteran has served in Canada only, death or disability caused by service is pensionable.
- (b) Death or serious disability not due to service may be pensionable if hardship would otherwise result.

### JOBS FOR DISABLED

A very wide program of education is being carried on continuously so that veterans who suffer a disability as a result of their war service may have a full and happy future. Many volunteer associations are assisting in this work, while specialized help is available from such organizations as the War Amputations of Canada, the Canadian National Institute for the Blind, and the Canadian Society for the Deaf and Hard of Hearing.

### THE COMMUNITY'S RESPONSIBILITY

This series of advertisements has given, in brief form, an outline of the Canadian re-establishment program for ex-service men and women. The responsibility, however, is not entirely that of Parliament. It can provide legislation and funds but in the final analysis it must be the veterans themselves and the people of Canada who make the program work. The public support so far has been unstinted, but successful administration requires further public support. Understanding and effort by the whole people are needed.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

Issued under the authority of Hon. Ian A. MacKenzie, Minister of

A sailor called unexpectedly on his fiancée. He found her all dressed up and ready to go to a dance.

"That's the spirit," he told her. "No need to sit at home while I'm away."

Just then the telephone rang and the sailor answered it. "Don't ask me, call the weather bureau." And he hung up the receiver.

"Who was that?" asked the girl. "Oh," said the sailor, "just a fellow who wanted to know if the coast was clear!"

● That old saying, so well known to farm folks... "Plow to the end of the furrow"... so aptly makes our duty plain. And the end of the furrow is beyond the horizon.

Our men on the fighting fronts have weary, trying days ahead of them. We, on the home front, must not waver nor falter. Our duty is clear, *we must keep faith with our fighters*. On Canadian farms we must maintain our efforts to produce the foods our fighters and our allies need. That work will reward us with increased incomes.

And we must *save*... to have money to *lend* to our country to pay the increased costs that this war continues to pile up.

Money invested in Victory Bonds will help to buy the tools of war. They don't last long in action. They must be replaced. It's our job... the home front job... to see to it that our fighting men have everything they need.

Victory Bonds yield a double harvest. They provide our country with money to carry on the war. Later, they will provide money to buy things we will want and need, and which we have done without during the war. Victory Bonds will provide cash to pay for improvements for farm and home... new buildings... new machinery... better stock... new car... furnishings and conveniences for the home.

### HOSPITAL STAFF NOW HIRED DIRECTLY

Professional and non-professional workers for hospitals may now be hired directly without passing through local employment and selective service offices. Hon. Humphrey Mitchell, Minister of Labour, stated today.

"In order to help meet the increasing need for hospital staff, this change in the method of recruiting workers has been granted to hospital authorities to accommodate what threatens to be a very serious shortage of workers," said Mr. Mitchell.

Male or female applicants may apply directly to hospitals for interview and be hired, without Selective Service permits, as formerly, although the necessary permits will be made out by the hospital authorities.

Local employment offices will continue to secure help for hospitals, and will also be kept advised of all placements made directly by the hospitals. Instructions have come out from Ottawa to the employment offices that the changed procedure becomes effective at once.
